REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: It is agreed with the applicant's arguments in pages 14 to 16 that the applicant points out the deficiencies in the Wei, LeVantine, Shipp and Takahashi references compare to the claimed inventions, as claimed in the dependent claims 1, 14, 27, 28, 38 and 60. The prior art fails to teach a combination of all the limitations as claimed in the independent claim 63, wherein the claimed invention comprising the optics are configured to direct the light from the light source to the eye along an illumination path system; and a mechanism for rotating the illumination path system relative to the eye, as claimed. The prior art does not disclose or fairly suggest, either alone or in combining with any other reference, to meet the limitations as claimed. Therefore, claims could be allowable over the prior art of record. , either alone or in combining with any other reference to meet a combination of all the limitations as claimed in claims 1, 14, 27, 27, 38, 60 and 63 either under 35 USC 102 or 103. Therefore claims 1-43, 60, 61, 63 and 65 could be allowable over the prior art of record.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
